

List of CREWS Projects and Requests for Fund Allocations

1. This document presents the list and status of CREWS Projects for the consideration of the 2nd CREWS Steering Committee. The project proposal outlines are available on <http://cc.preventionweb.net/crews/steering-committee>
2. The Steering Committee is invited to consider and prioritize the projects in a pipeline, for future fund allocation by no-objection procedure upon Trustee confirmation of availability of funds in the CREWS Trust Fund.
3. Criteria for prioritization would include status of projects readiness and level of advancement of the consultations in country.
